Samira Haddad

Machine Learning Engineer

samira.haddad@example.com | (555) 014-7780 | Rivertown (fictional)

Summary

ML engineer focused on NLP and LLMs, from research notebooks to production services.

Skills

Python, PyTorch, TensorFlow, scikit-learn, Hugging Face, LangChain, NLP, Computer Vision, Azure, GCP, MLflow

Experience

ML Engineer, Fabrikam AI (fictional) (2022 - Present)

- Fine-tuned transformer models with PyTorch and Hugging Face for document classification.
- Shipped an LLM retrieval service with LangChain on Azure; p95 latency under 400 ms.
- Ran A/B Testing for ranking models with product and data teams.

Data Scientist, Tailspin Health (fictional) (2019 - 2022)

- Built scikit-learn and Deep Learning models for computer vision triage.
- Presented Data Visualization dashboards in Tableau to stakeholders.

Education

M.Sc. Statistics, Example Institute of Technology (fictional), 2019

Synthetic sample resume generated for testing. All details are fictional.
